This detailed architectural cross-section diagram illustrates the construction of a house, spanning from the ground floor (SOUS-SOL) up to the roofline. The diagram is labeled with sections B3, B2, and B1 from left to right along the top edge.

Key Features and Labels:

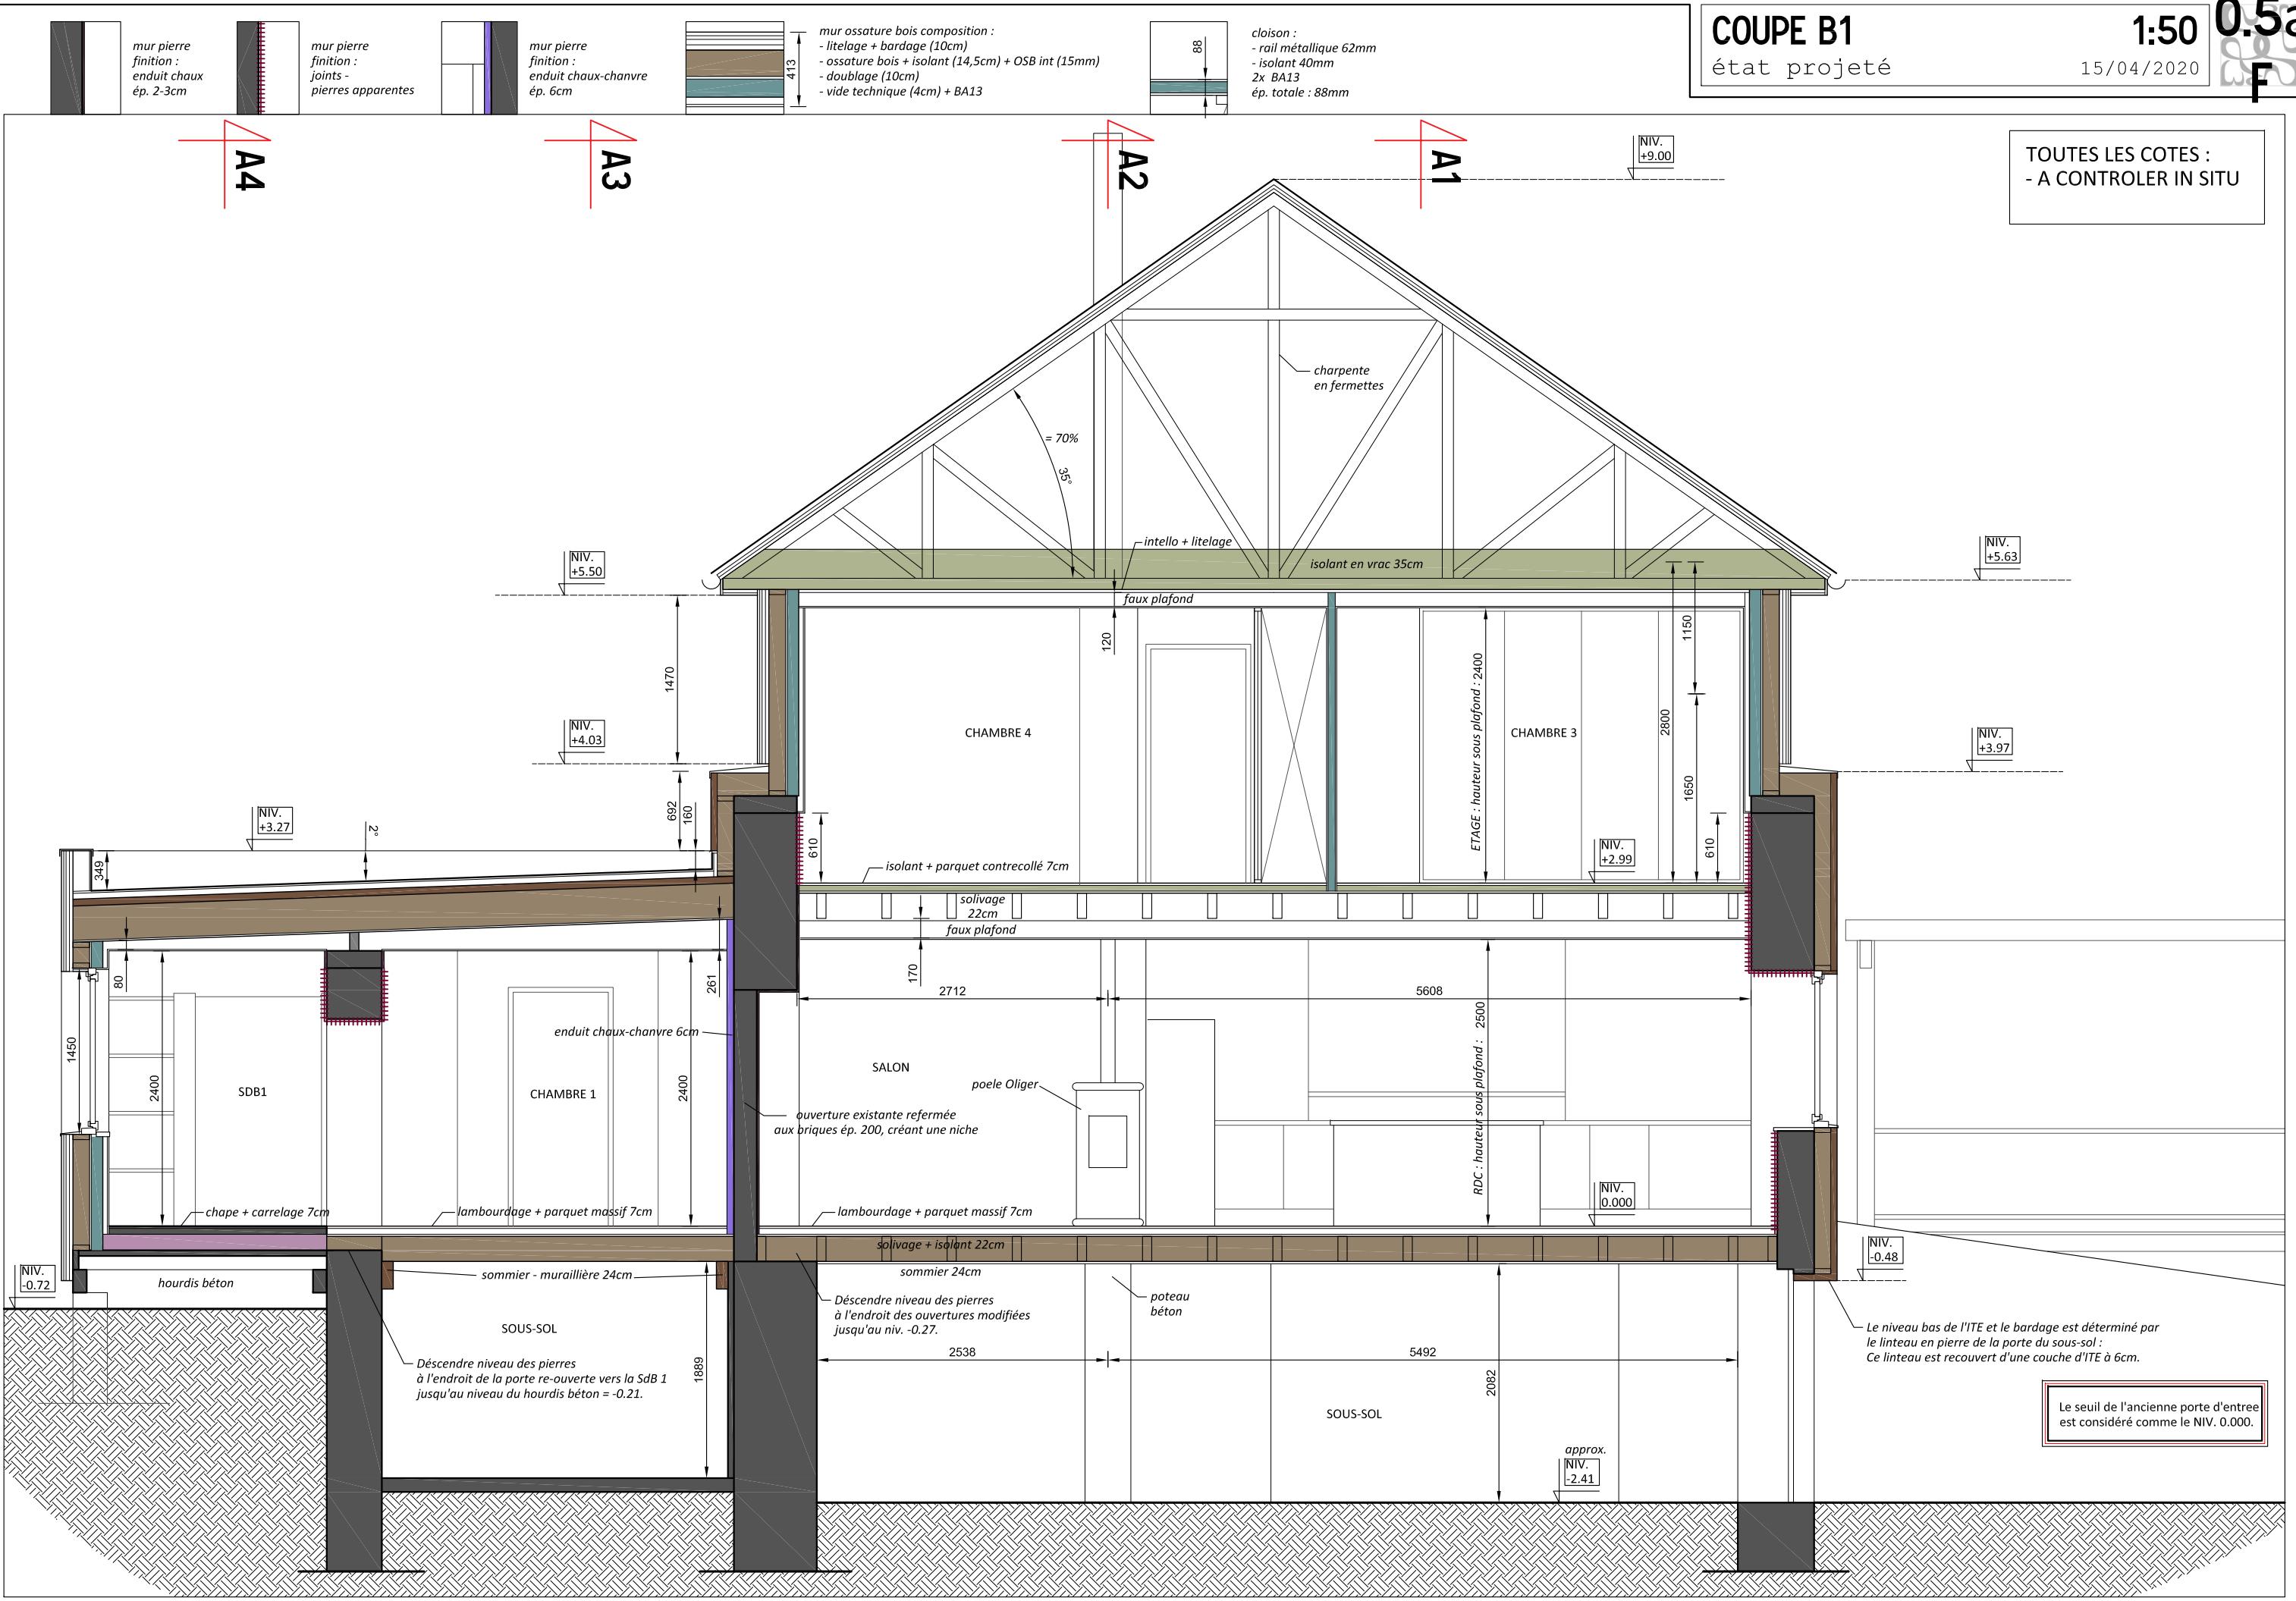

- Roof:** The roof is a double-pitched structure with a slope angle $\alpha_0 = 103.5\%$. It features a timber frame (charpente en fermettes), insulation (isolant en vrac 35cm), and thermal panels integrated into the roof covering (panneaux thermiques intégrés à la couverture).
- Rooms:** The diagram shows several rooms: CUISINE (Kitchen), SEJOUR (Living Room), CHAMBRE 2 (Bedroom 2), and CHAMBRE 3 (Bedroom 3). Each room has specific dimensions and finishes like parquet floors and built-in wardrobes (placard intégré).
- Structural Details:** The diagram highlights various wall and floor constructions, including:
 - Masonry walls (mur pierre moins épais) with niches (niche de l'ancien cantou).
 - Insulation layers (isolant en vrac 35cm, isolant + parquet contrecollé 7cm, sommier-muraillière 24cm).
 - Floor levels (NIV. +9.00, +5.63, +3.97, +3.75, +3.60, +2.67, +0.00, -0.48, -0.72, -0.308).
 - Plasterboard ceilings (faux plafond).
 - Timber joists (solvage 22cm, 24cm).
 - Massive parquet floors (parquet massif 7cm).
 - Old floor levels (ancien plancher haut, ancien plancher bas).
- Notes:**
 - A note in the CUISINE area states: "A l'étage Ch.2 : doublage devant niche (fac. Nord) isolant + parquet contrecollé 7cm".
 - A note in the SOUS-SOL area states: "Descendre niveau pierre des murs élargis en sous-sol, sous la cuisine, jusqu'au niv. -0.308".
 - A note in the bottom right corner states: "Le seuil de l'ancienne porte d'entrée est considéré comme le NIV. 0.000".
